HOW DO YOU DO IT DEPARTMENT

In looking over the #100 issue of GRAUSTARK, I had chance to look over all the games that most people are playing in, and this is I find as results.

SOUNDING OFF

In setting up my Variam(9Man game) I experimented with placing supply depots for each power in various spots on the map, this proved to unsatisfactory, in that four powers were made strong and two were weaken, somewhat, I did not charge a fee for this game therefore I should have the right to change the game at my discretion if the original is unsatisfactory, If anybody is unhappy about this I am sorry, I intend to publish the original game as soon as I can put a proper balance in the game, So bear with me and play out the game I sent you and when the other game is perfected, I will then include anybody in the first game who wants to play it. ROME(GAME-111), Pope Eustatius LVIII El Supremo, Absolute ruler of everything in sight except his wives(all two of them), today declared the Catholic Church unconstitutional, a strange happening since there is no Constitution in Italy. Pope Eustatius, also called Eustatius the Confused, or Eustatius the Rump-Rubber, or Eustatius the Effervescent, or some other things, has declared a new State Religion to be the Church of Sigmund Frued of the great Groundhog. The Holy day is celebrated in February 2, and the requirements for holiness are; Baptism by the blood of a chicken, Communion(Baked Liverwurst), Confession(Using a Megaphone in Public), and participation in at least one holy ceremony of the Sacred Cow every decade. This ceremony consists in ramming the open head into the tailgate of a pregnant, milk-laden cow and chanting "Hallelujah to the great Groundhog" twelve times in twelve different Languages, including Nepalese.

Eustatius L, First Pope of all groundhogdom, also ordered his neighbour Austria to accept the religion or face annihilation, Anticipating their answer, the armies are already on the move.

ROME: Pope Eustatius I, Prolate of the Church of Sigmund Frued of the great Groundhog, and Emperor Ildefonso Hickenlooper III of all Italy and Utah, who happens to be the same person, today ordered all Italian soldiers to distain the sin of Covetousness, Denouncing pride in material wealth as "Despicable, nauscating, and not conductive to stocking my vault", The Pope ordered all Citizens to show their lack of interest in the material by drenching all their possessions in chicken blood, a ceremony adopted from some heathen Africans. Many Italians who did not care to kill their chickens were seen to attempt a substitute by heaving eggs at their goods.

ERICH LEHR for Simplicissimus(ADAG-11)- Obesta Hindman held his first press conference since the Imperial first marched out of its cantonments near Munich, on Friday the 12th. When asked about the Burgandy fiasco he replied "We conducted a feint to blood the Army. His answers were vague at all times-especially about impeding operations. This Correspondent feels that the lack of fortification here in the Ruhr suggests a forward movement in the Spring. As to the stand of the command of the Imperial First on the crisis in Germany on Miliary service-they are all obviously opportunists waiting to see it will most advantageous to support.

(Reprinted from late editions in the Capitol)-Minister Von Luckman and Marshall Von Moltke have been fighting like two pussy's in a paper bag-while the masses riot in the street because of the announced National Manpower Act. This act requires all male Citizens between the ages of 21 and 26 to report to mobilization centers prior to the call up of the 3rd, 4th, 5th armies. Minister Von Luckman is reportedly worried about the coming elections while Von Moltke is only thinking of the destruction of the French Army, This paper maintains that they are both boors-although we might begin publishing from neutral Switzerland at the rate that Freedom of the Press is becoming extinct, Admiral Landwerk-samest person in the Government-is reportedly quite perplexed at the refusal of funds to build another fleet.

Germany to France-we try harder in the Spring, How about a Trade-Paris for our tin man of Oz.

ROME-Thumb announced today that the Turkish Ambassador has been asked to leave the Country.

CONSTANTINOPLE(III)--The Turkish Government received the funniest letter from Austria the other day. Apparently the Austrian Courier was supposed to take it to Russia, but after stopping at an all night Tavern, he took the wrong road and ended up in Constantinople. When asked about the Confusion in destinations, He answered out of a haze of Alcohol "It must have been the last quart of Beer laced with Absinthe, Besides all these Onion Dome fixtures look the same anyway." The Contents of the letter would have been greatly received in Russia, but here the reception, while appreciated, did not get the same reaction as they were designed for. Anyway the Ruling Council of Sultans (the Supreme Governing Authority of the "Infidel Savages") laughed all the way through the Writing of the Declaration of War against Austria-Hungary. The only Casualty so far was the formerly pregnant Sultana Fatima of the Zebra Skin Rug, who laughed so hard she gave birth to Quintuplets.

PREOBRAZHENSK PALACE(heard through a keyhole) "The Austrian Mail service has successfullu been infiltrated by our agents I see, Imagine, us receiving a secrett Diplomacy letter to the Turks, How dare thatt upstart Hapsburg Popinjay call us, descendents of the House of Rurik, insolent Slaves; For that our Slavic Hordesshall decend on him--or my name as he has seen fit to call me is not the Siberian Bear.
